have subscribed Rs. 11797-0-4 for temporary Shiva Temple and that Govt. should be in contribute an equal sum thus making Rs. 3775- The addl. sum balance of Rs. 20-22-0-4 may be paid annually for 5 years and that for this purpose a sum of Rs. 1890 may be paid for painting of Verandas.

I am not prepared to recommend this liability of Govt. being a sum equal to what the Municipality contributes - But as money is available under the current year's grant the sum Rs 73/1890 may be sanctioned

The file is herewith submitted

4/ 15/4/09

When the papers were first submitted to the Dewan, the original file was not with me. It has since been received and shows that in 1906 when a similar grant was applied for on behalf of this institution, the then Second Councillor said that a limit should be fixed. The then Dewan in sanctioning the amount asked for was pleased to remark that all the requirements were nearly finished.

There is again an application for Rs 1890 now and it is urged that the Govt has to contribute as much as the devotees. This principle has nowhere been laid down though in

practice it is usual to require the devotees to contribute half of the estimated cost. It is one thing for the Govt. to require this; and quite another for the devotees to demand half the cost from Govt.

Submitted to the Dewan.

A Krishnaraja
8.5.08

P.S.

This is not the first time that a moiety of the cost has been asked for. On previous occasions, the late Muzrai Secretary has, in regard to this prayer remarked thus:—

Page 21 of the Note

"No promise can be given as to payment of moiety as the State Grant is not intended for new institutions, but help may, at once be given as a Special Case to the extent of Rs 500 - the equivalent of the amount actually collected by the Petitioners"

Page 26.

As regards further contributions

"

from Govt., of funds for constructing the temple no promise can be given but Govt may favourably consider the matter as the work proceeds.

Page 35.

"A grant of Rs 500 was made on account of this temple from the State Grant of last year. I have already pointed out that the State Grant is not for helping the construction of new temples. However, another sum of Rs 500 may be granted as large sums are being collected and expended on the construction."

Page 46.

"Govt have already contributed Rs 1000 towards the construction of this new Vishnu temple in Malleswara, Bangalore. Considering the many demands upon the limited State Grant of Rs 15000 made for repairs to the large number of Temples in the State it is my humble opinion that more money cannot be spared."

Office of the Sri Venu Gopala Krishna
Swamy Temple Committee,

No.5 Dated Bangalore, 19th March 1909.

D/130

From

S. Venkata Rangiengar Esquire., dtd. F 482-08-1.
President of the Sri Venu Gopala Krishna
Swami Temple Committee,
Malleswaram, B a n g a l o r e.

To

A. Subramanya Iyer Esq., B.A.,
Superintendent and Ex-officio Under Secretary
to the Government of H.H. the Maharaja
of Mysore, Huzrai Department,.

Sir,

With reference to Government Proceedings No.4107-9, dated the 22nd March 1909, I have the honor to report that the Compound wall of the above mentioned temple and the door shutters for the Mahadwaram, have cost Rs. 1,972-4-8, for which the prescribed completion bill has already been submitted.

2. Up to date the expenditure incurred for construction, inauguration and consecration, has amounted to Rs. 15,5[illegible]-0-4, out of which a sum of Rs. 11,797-0-1 was met by contributions from votaries and Rs. 3,775/- by grants from Government. The above expenditure does not include the cost of the car, the various Brass Vahanams, Chowries, Chamaras, Jewels &c., supplied to the temple by votaries.

3. The works still remaining to be done are Prakaras on the remaining three sides of the main temple and the Tower or Gopuram over the Mahadwaram. In accordance with the prevailing practice, in order to make the Government grant equal to the subscribed

contributed by votaries, a sum of R.8022-0-4 has to be contributed by Government; and accordingly I respectfully beg to submit the accompanying estimate for R. 1890/- being the cost of construction of Verandahs on the remaining three sides of the main temple, and to solicit that the Government may be pleased to sanction this amount from the current year's State grant for construction &c., of Huzrai Buildings. These Verandahs are indispensably needed not only for daily circumambulation by devotees, but also for processions of the Deities during the rains, and for Santarpane celebrated in the temple on special occasions.

I have the honor to be,

Sir,

Your most obedient servant,

S Venkatakrishnayya

President, Sri Venugopala Krishna

Swamy Temple Committee, Talleswaram
